Hello Families,

Wow! I am so glad we all survived the thunder snow. Now that winter is coming to an end, we can begin to get excited about spring. Remember to change your clocks and smoke detector batteries this weekend. "Spring forward, fall back an hour." You may notice police in the building. There is nothing to be alarmed about. We have been informed that uniformed members of the NYPD will make more frequent visits to schools.

If you get a free minute, please come to the 3rd floor to see the amazing dioramas created by our 6th and 7th graders in science. Our students did a great job. Another highlight is to read and see the great Dr. Seuss writing in 1st grade, or the great 100th day of school posters in Kindergarten. Overall, the students are working hard. I had the privilege to hear a wonderful discussion about faith in the 21st century when Msgr. Paddock met with our 5th graders on Thursday.
